RESURGENCE 2

We are amazed at how intentional and awesome God is!

Our new Resurgence programme started on 6 November. Already we stand in awe of what God has started doing. We were pleasantly surprised when a young man was gloriously being set free from bitterness, anger and unforgiveness on the very first day!

It was with great excitement, but also with a sense of trepidation that we began the programme, not knowing what to expect from the new

group. Their backgrounds range from involvement in the occult, to drug addiction, to sexual identity issues, to homelessness (one young man's story reads almost like a modern day version of the Gerasene man—Luke 8:26-35).

Some of the prophetic words and pictures God gave us before the time include images of **a large pool of**

dark, filthy water and us pulling loads of fish from the water. Another one depicted **many dirty and raggedy people standing at our gates awaiting their turn to be let in to be cleansed and loved.**

"God is the one who began this good work in you, and I am certain that He won't stop before it is complete on the day that Christ returns." - Phil.1:6

THANK YOU!

The task at hand is so huge and intense that we, at times, feel completely overwhelmed and unqualified. We thank God for reminding us time after time that He doesn't call the qualified—He qualifies the called!

Our hearts overflow with gratitude for the love and support from friends and family. Reality is that those who need help and intervention the most desperately are financially in no position at all to pay for the programme. We are seeing God's heart for them through how He provides through His children.

Please continue standing with us in prayer for:

- ♦ *Complete healing and deliverance for each of our 10 current students;*
- ♦ *Father God's ongoing provision and protection;*
- ♦ *For us for wisdom, strength and endurance;*
- ♦ *Lasting fruit and that God would work through these students to transform families and entire communities.*

Practically learning to carry each other's burdens

Without the generous encouragement and support of precious friends & family we would never be able to keep on keeping on! For that we are extremely grateful to God, and we pray His mighty, abundant blessing and favour on each of you.
